

# **Caring for your Pet Rabbit**

**This is a self-paced course with continuous enrollment**  
**\$20.00**

Bunnies, like panda bears, are endearing creatures that make most people smile. Admittedly, most of us are more familiar with the wild, cottontail jack rabbits we see hopping around the garden, or the wacky and personable cartoon bunnies. But did you know that domestic rabbits make great pets, and as such are outnumbered only by cats and dogs? The variety of breeds means there is an ideal rabbit for anyone who desires a pet bunny.

The class is designed especially for the enjoyment of beginners and is geared toward someone what wants to keep rabbits as pets and needs to know the basics of rabbit care. This course will help you select the breed that best fits your needs, provide you with feeding, health, and housing tips, help you understand what your bunny is trying to tell you, and offers basic information to consider if you think you might want to show or breed your pet rabbit.
